SIX DEATHS ON SUNDAY

FRED ARNOLD, ONE OF THE FOUR VICTIMS OF LIGHTNING, DIED OF INJURIES.

OTHER THREE WILL SOON BE WELL

Daughter of W. W. Rodgers Passed Away Sunday Morning, as Did Also Mr. E. W. Carr—Were Three Other Deaths.

Fred Arnold, a farmer living nine miles south of Sedalia, who was fatally injured when a bolt of lightning struck his barn, in which he was standing, died of his injuries at his home at 7 o'clock Sunday morning, after lingering between life and death since the accident, which occurred at 5:30 o'clock last Thursday evening.

Mr. Arnold was about 30 years old and leaves a wife, who is critically ill at her home, suffering from burns received in the fire that followed the stroke of lightning. They have no children.

The account of the horrible accident has been printed in the Democrat-Sentinel. While unhitching a team of horses on Thursday evening, after attending a fish fry, Mr. Arnold and Arthur O'Farrell, of the same neighborhood, were rendered unconscious by a bolt of lightning that struck the barn in which they were standing.

Fire ensued and attracted the attention of their wives, who had previously returned to the farm house. Both women ran to their husbands' rescue, and in attempting to remove the men the women's clothing caught fire, with the result that both, and also the men, were terribly burned.

Mr. and Mrs. O'Farrell have sufficiently recovered from their injuries to be removed to their home, five miles beyond Mr. Arnold's residence, while Mrs. Arnold is reported to be getting along nicely. All three, it is thought, will recover.

Arnold's injuries were the most serious. His face, back, arms and legs were terribly burned. Mr. Arnold's funeral was held at Valda today, burial being made nearby.

A 16-year-old daughter of W. W. Rodgers, a carpenter of 670 East Sixteenth street, died of typhoid fever at his home Sunday morning. Rev. J. F. Caskey conducted funeral services at the Fifth Street M. E. church, South, at 2:30 o'clock this afternoon, and burial was made in Crown Hill cemetery.

E. W. Carr, 78 years old, died of dropsy at his home, 1903 South Grand avenue, Sunday, and was buried in Crown Hill cemetery today, after Rev. P. C. Miller conducted funeral services at the family residence at 2 o'clock this afternoon.

Thomas Beaman, an inmate of the Pettis county home, died of general debility at the institution Sunday, aged 72 years, and was buried at Beaman today.

A 2 1/2-year-old daughter of Oscar T. Jones, colored, died at her home, 1125 West Second street, Sunday, and was buried in the colored cemetery this afternoon.

Alice Simpson, colored, 49 years old, died of peritonitis at her home, Morgan and Washington streets, at 8 o'clock last night. The body will be shipped to Pilot Grove tonight for burial.

FIRST ACT OF VIOLENCE

Strikers Hurl Stones Into Canadian Pacific Train.

Winnipeg, Aug. 10.—The first act of violence in the Canadian Pacific railroad strike occurred at midnight, when windows in the coaches of a passenger train were broken by stones hurled by unknown persons in the St. Boniface yards across the river from here.

FOUR CHILDREN DEAD

Fire in Crowded New York Tenement Today Resulted Fatally.

New York, Aug. 10.—Four children of one family dead and ten other persons seriously burned or injured is the record of a fierce blaze that early

today swept through a crowded tenement in East One Hundred and Twentieth street.

Scores of people were carried down ladders by firemen and wild scenes of panic ensued as the scantily clad tenants rushed through the streets. The dead are all children of Cincenzo Sautto, the janitor of the building.

Married by Judge Hoffman.

Rollie G. Cunniff, of Sweet Springs, Mo., now employed as substitute mail carrier in Sedalia, and Miss Grace V. Hurt, daughter of Mr. and Mrs. J. B. Rash, of Maxcreek, Mo., were married by Circuit Judge Hoffman at the court house this morning. They will make their home at 405 East Fourteenth street.

ETHEL ROOSEVELT IS 17

TODAY IS BIRTHDAY OF ONLY UNMARRIED DAUGHTER OF PRESIDENT.

SCORES OF BEAUTIFUL PRESENTS

In Many of Her Characteristics the Young Lady Resembles Her Father—Not Make Debut for Some Time.

Oyster Bay, N. Y., Aug. 10.—Miss Ethel Roosevelt, the president's only unmarried daughter, is today receiving the congratulations of hundreds upon the occasion of her 17th birthday.

Scores of beautiful presents were received by the young lady of the White House, not only from relatives, friends and schoolmates, but from admirers in all parts of the country.

At the age of 17, the "Princess Ethel" has become a strikingly charming and beautiful young woman, and her intellectual attainments are above the average.

In many of her personal characteristics she resembles her famous father. She will not actively enter society for several years yet, although she will likely take part in several functions this winter, owing to the fact that the coming season will be the last her father will spend in the White House.

Many rumors of love affairs in which she has been involved have been circulated, but there has been little basis of any truth in any of them.

MISS ALMA TESSMER WEDS

Former Sedalia Girl Is the Bride of Prof. A. C. Scott.

Prof. Andrew C. Scott, a former teacher in Hill's Business college in this city, recently connected with the same institution at Oklahoma City, was united in marriage to Miss Alma Tessmer, a popular and accomplished former Sedalia girl, at Oklahoma City, on August 5, according to announcement cards received by Sedalia friends this morning.

After a honeymoon tour of the east the bridal couple will be at home to friends at 42 Purcell street, Dorchester, Mass., Sept. 1.

Miss Tessmer is the only daughter of the late A. F. Tessmer, former deputy county clerk of Pettis county, and was one of Sedalia's most cultured and admirable young ladies. The heartfelt congratulations of every acquaintance will be joined with those of the Democrat-Sentinel and extended to the couple that their wedded bliss may be enjoyed to the fullest.

DEATH OF MRS. EICHELBERGER

The Wife of a Prominent Farmer Near Pilot Grove, Mo.,

Mrs. A. H. Eichelberger, wife of a prominent farmer of Pilot Grove, died at her home Saturday night, after a lingering illness with a complication of diseases, aged about 45 years. She is survived by her husband, four daughters and two sons, all grown.

Mrs. Eichelberger's maiden name was Sallie Tavenner, and she was one of Cooper county's best known and most highly respected women.

The Rev. W. D. Kelly, of the M. E. church, South, conducted the burial services today, and the funeral ever seen at Pilot Grove, there being 130 vehicles filled with sorrowing relatives and friends who followed the remains to their last resting place.

SAW A RED SEA SERPENT

WOMEN ENCOUNTER TERRIBLE MONSTER AT KALAMAZOO, MICH.

WAS FIRST SEEN BY A F SHERMAN

He Fled From the Scene Without His Hat and Those to Whom He Told the Story Wondered What He'd Been Drinking.

Kalamazoo, Mich., Aug. 10.—Long Ike has a serpent. Upon the authority of four women and one man the word has gone forth that the placid little lake is the home of a monster as long as a street is wide, with a head of an alligator, the neck of a turtle and a dark red skin.

The serpent made its first appearance at the lake a week ago, when it was seen by William Delavan, a fisherman. As Mr. Delavan returned to the city minus his bait after seeing the sea monster, his story was scoffed at until Sunday afternoon a week ago, when the monster made its appearance again.

This time four women, Mrs. Clara Wheatley and her daughter, Elsie, and Alma and Ellen Arnold, had an experience on the lake. It has not been seen since, but large crowds are visiting the lake daily awaiting another appearance of the strange visitor.

Residents of the city who know Mrs. Wheatley take stock in her statement, and declare that it is a case of a strange sea reptile—not of a disordered imagination.

PLAYED 10-INNING GAME

Sedalia Cubs Beaten by Tipton by a Score of 4 to 3.

The Sedalia Cubs lost a ten-inning game to Tipton Sunday by the close score of 4 to 3. Brown, for Tipton, pitched gilt edged ball, allowing but five hits and fanning out at least twenty men.

Duvenick, for the Cubs, also pitched good ball, allowing six hits and striking out ten men.

The game was full of ginger, and

had the grounds been in anything like decent shape and not full of wagon tracks which were over the entire diamond four and five inches deep, and peg holes made by the Haggenbeck & Wallace circus, it would have taken a few innings more to decide the winner.

It was in the tenth inning when a ball bound for third base, striking one of the grooves caused by the circus and making a bad bounce, lost the game. Brown being very effective in the last inning.

It was by far the best game of the season, and those who did not have the patience to wait for the Tipton team, owing to No. 1 on the "Old Reliable" arriving two hours late, missed a number one contest, which will long be remembered by the few faithful present, to which the Sedalia Cubs extend their heartiest thanks.

IS THIS A HUGH JOKE?

DR. J. W. McCURE, OF SEDALIA, LOOMS UP AS A BIG MAN FROM MISSOURI.

HE IS OUT IN MR. BRYAN'S TOWN

Tells the Candidate That Union Band of Sedalia Had Received Orders to Vote Democratic Ticket—Oracle Talks Much.

Lincoln, Neb., Aug. 10.—Representative Henry D. Clayton, of Alabama, chairman, and Dr. J. W. McCure, of Sedalia, Mo., a member of the notification committee, were early callers on Mr. Bryan this morning and conferred with him for some time.

Mr. Bryan was much interested in a statement made by McCure to the effect that the union band of Sedalia had received instructions from headquarters to vote for Bryan and Kern. He assured Bryan that Missouri was safe for him.

Rev. S. F. McGuire, pastor of the First Methodist Episcopal church, of Osceola, Kas., also talked with Mr. Bryan. He said he had traveled through Missouri, Oklahoma, Kansas and Nebraska and talked with many republicans, and declared a large majority of them were clamoring for a change.

Mr. McGuire said that although a republican he would vote for Bryan this time.

EDITOR OUT FOR BRYAN

JOB PUT UP ON HORACE W. SHEPARD, FORMERLY OF WARRENSBURG, MO.

WELL KNOWN TO MANY SEDALIANS

Altus, Okla., "Sub" Boosts Democracy in Republican Sheet—Boss Is Away, but When He Comes Back.

Altus, Okla., Aug. 10.—The hair of Horace V. Shepard, red-hot republican, will stand straight on end, "like the quills upon the fretful porcupine," when he returns to Altus and finds that his newspaper, the Altus Times, has strongly endorsed Bill Bryan.

Oh, there will be wailing and gnashing of teeth when Horace comes to town. It happened thusly: Guy P. Horton is a strong Bryan supporter and it happened that Mr. Shepard had to go away on a business trip. Horton was left in charge. It was a golden opportunity for Horton, who has a keen sense of humor.

"Ye Gods," said Horton, "I will come out with an editorial that will make Rome howl."

And he did. The thunder-struck citizens of Altus awoke next morning and reached for their beloved Times, which had been booming Taft for president and hurling denunciations at the democratic party. They looked at the editorial page in bewilderment, rubbed their eyes and looked again.

Here is what they read: "I found that a large majority of the readers of this paper are republicans, and I find much pleasure and comfort in the passage from Holy Writ which says: 'I came not to call the righteous, but sinners to repentance,' and I feel that I can by this means reach the depleted and enervated ranks of the republicans and lead them like lost goats back to the fold of democracy."

Now everyone is waiting for Shepard to come back and corral the republican "goats."

Horace Shepard is at former Warrensburg boy and is well known to a number of Sedalians, he having set

type on the old Gazette and other papers before he departed for Oklahoma.

Will Soon Sail for Home.

If they can secure passage, it is believed Mr. and Mrs. Mike McGinley and daughter, Miss Helen, will sail for New York, after touring a portion of Europe, on Wednesday of this week, the 12th. It is likely they will stop off at Terre Haute, Ind., for a visit en route to Sedalia.

Mrs. Bridget Quinn is expected to sail for home next Saturday, the 15th, and Mr. and Mrs. E. G. Cassidy will sail on Sunday, the 16th, it having been impossible for the entire party to secure passage on any one of the three vessels.

WOMAN WON A \$10 PRIZE

THE "STORY" IN FAVOR OF PROHIBITION WAS ACCORDED THE HONORS.

REPORTER TOOK THE OTHER SIDE

He Was Awarded First Prize from a "Wet" Standpoint—Two Other Contestants Are Given Honorable Mention.

St. Louis, Mo., Aug. 10.—The Rev. Mrs. E. E. Bartlett, 3007 Locust street, and F. M. Whiteside, of the Park hotel, a newspaper reporter, have been declared winners in the prohibition essay contest of the West End Business Men's association.

Mrs. Bartlett submitted an essay in favor of prohibition, for which she was awarded first prize of \$10. Mr. Whiteside's essay opposed prohibition, and he was awarded first prize on his side. Ninety-six essays were submitted. Mr. Whiteside discussed prohibition from moral, economical and legal standpoints. He contended that prohibition did more harm than good, and should it become general, thousands of persons would be out of employment and in poverty.

As to the legal aspect of the case, he argued that it would be an injustice to sweep away the property and investments of liquor dealers at the wish of what he said was a small part of the people. Incidentally, he said, only a small per cent of those who drink are drunkards, and that a far greater number find real enjoyment and receive no injury from moderate drinking.

Mrs. Bartlett, who is a Universalist minister, made the usual arguments in favor of prohibition, and won by her excellence of expression and arrangement. She referred to the destruction of homes and advocated a national prohibition law, to do away with the government's so-called partnership with the liquor trade.

Mrs. Jasper Blackburn of Kirkwood, received honorable mention for her essay in favor of prohibition, and Miss S. Tibby, of 3709 Windsor place, for her essay against it.

GERMAN DAY CELEBRATION

Meeting Was Held Sunday to Make Further Arrangements.

A mass meeting of Germans was held at Pioneer Verein hall Sunday afternoon to discuss plans for the annual celebration of German day. Officers were elected as follows:

President—Charles Kooch.
Vice president—Adolph Meier.
Second vice president—Richard Fisher.

Secretary—Otto Botz.
Carl Botz, C. H. Raiffeiser, and George Braun were appointed a committee to select a suitable place to hold the celebration. They will fix the date for same, arrange other details and report back at the next meeting.

The organization decided to meet weekly at 4 p. m. Sunday until after German day.

Schools Open in Four Weeks.

The public schools will open for the fall and winter term four weeks from today, Monday, September 7, which is also Labor day. The schools will be dismissed during the forenoon, after the pupils are informed of what books and supplies are needed, and then they will have an opportunity of participating in the Labor day celebration at Liberty park during the afternoon.

SEDALIAN DOING WELL

HARRY SUTER, WHO IS A PITCHER FOR THE SAN FRANCISCO CLUB.

SAID TO BE FIT FOR BIG LEAGUES

Slabster Has Everything a Pitcher Needs and Is Very Cool Under Fire, Says the San Francisco Globe.

Harry Suter, son of George Suter, the Sedalia plumber, is setting the woods on fire as a baseball pitcher in the Pacific coast league. Harry is a member of the San Francisco team, and in the Globe of that city, dated August 4, is a splendid picture of the Sedalia boy, with the following in a box head:

* * * * *
* Pitcher Harry Suter, of the *
* San Francisco baseball team, *
* whose remarkable pitching at *
* Portland last Sunday established *
* a Coast league record and gave *
* proof of the fact that the best *
* ball players in the world are de- *
* veloped right here under the sun- *
* ny skies of California. *
* * * * *

The same issue of the Globe had the following in regard to young Suter, who is only about 21 years of age:

The Pacific Coast league is certainly maintaining its reputation as the best league in the country for the development of baseball players. One need not look over the names of the stars of the major leagues to see the names of men who received their early start on training right here in California. Chance, Fogarty, Bill Brown, Jerry Denny, Fred Carroll, Ed Morris, Charlie Sweeney, Hal Chase, Bill Lange, George Van Haltern. Overall and countless others are graduates of the several teams that have played in California at one time or another.

Now comes Harry Suter as the latest star who is bound to make his mark among the shining lights of the baseball world. It is true Suter is not a native son, nor did he start his baseball career here, but his advancement and development in the pastime are the result of the experience and schooling he has had in the ranks of the Pacific Coast league.

Coming from the Austin team of the Texas league Suter brought with him a reputation that was a good one, but it was right here that he developed the skill and ability he now is showing.

Time and again has Suter taken his turn in the box and by coolness, control and sneaky curves brought home victories. His recent performance at Portland stamps him as fit for the bigger leagues any time. After pitching twenty innings of marvelous baseball, in which he fanned sixteen men, allowed but ten hits and walked but three men, he was ready to continue the argument and was good for many more innings but not his team chased over the run that broke up the game.

Already offers by the score are coming in for the services of Suter, and of course the San Francisco team will have to sell him rather than lose him by the draft route. This goes to show why the powers that be were so anxious to get the Coast league into organized baseball, knowing that conditions were superior here for the development of ball players and that the managers here were among the best in the business.

WALTER WEEKS ARRESTED

He Is Charged With Stealing a Watch From L. L. Adams.

Walter Weeks, a Sedalia boy, was arrested Saturday night by Assistant Chief of Police Card, charged with stealing a ladies' gold watch, valued at \$25, from L. L. Adams, a telegraph student.

The timepiece was recovered by Assistant Card from a young boy to whom Weeks is said to have traded it for a rifle.

Weeks was arraigned before Judge H. M. Gresham, sitting as justice of the peace, ex-officio, and on a plea of guilty was fined \$25 and costs, which he arranged to pay.

Seven drunks and peace disturbers of various classes and descriptions were arraigned before the same bar of justice. Nominal fines were imposed in each case.

For President,
WILLIAM J. BRYAN, of Nebraska.

For Vice President,
JOHN W. KERN, of Indiana.

THE NEW BRYAN.

It is indeed a united and harmonious democracy. Platform and candidates were agreed upon with but few dissenting voices, and not for twenty years have the supporters of democratic principles been in such perfect accord.

The personality of Bryan is one that has always inspired enthusiasm and now inspires confidence. The Bryan of today is a vastly different man from the Bryan of fifteen years ago. The breezy insouciance of youth has been mellowed and tempered by experience, travel, study and business adventure. As the situation exists today, Bryan is probably the best trained man in the democratic party for the office of president. The self-education he has undergone in the last ten years has peculiarly equipped him to grapple with problems of government. Better than any other man, he understands the temper and will of the American people, and thus understanding he can not help but make a safe and able executive, if he conscientiously adheres to his oath of office. Bryan has met and talked with more people than any other man in the world. He is absorbent, emotional, considerate and honest. He will, therefore, more fully represent the American people than any other candidate that could possibly be named.

WHY MEAT IS HIGH.

When one of the packers is asked what is the reason for the high prices of meat he will reply: "The high prices of corn."

That is the whole secret in a nutshell. Of course, there are other contributing causes, such as the rapid reduction in the range area, the decrease in the number of meat-producing animals in the country and the growing demand for consumption. But the gist of the matter is

that corn has become too valuable to fatten beef.

Therefore, an attempt of the secretary of agriculture to obtain new forage plants that will thrive in the semi-arid regions of the west is of the utmost importance to the country. He has sent men to Northern Siberia to procure seeds of the nutritious grasses that grow in that part of the world, in the hope that some of them will be useful in increasing the forage in Western Nebraska, Wyoming, Montana and other states where the supply of rain is scarce.

Vast tracts of land in that region are now unable to support animal life. If they can be made to produce an abundant increase in the supply of fodder an increase in the supply of beef will inevitably follow, and its price will surely fall. Should the attempt be successful it will furnish another to the list of practical achievements that have already made the department of agriculture valuable.

WHAT DO THE RAILROADS EXPECT?

E. H. Harriman's most recent flights in print have a most decidedly optimistic tone. Why? Not the prospect of bountiful crops, we may be sure, for Harriman could never take pleasure over such an outlook if his railroad plottings and monopolies were in danger. The happiness of this transportation king is measured by the freedom with which he is permitted by the government to carry on his schemes of railway amalgamation and absorption, looking to the ultimate control, as he himself has expressed it, of all the railroads in the country by one man or one set of men.

Harriman is the bitter enemy of Roosevelt. He opposed the efforts of the president to obtain reasonable railroad regulation, which were only partially successful, with all his might. The railroads generally were antagonistic to the administration.

Is it not strange, therefore, that we find the railroads today inclined to support the republican ticket? Already they have commenced to discriminate against the democrats in the matter of rates and conveniences for carrying on the campaign. It is because they expect that if Taft is elected the reactionary crowd which controlled the Chicago convention will also control the president and that railroads and corporations will no longer be bothered by the government. Is Harriman's brighter view of life the result of assurances of this character from republican leaders, and a secret belief that he can through his properties and wealth assist in compassing the election of the republican nominee?

CONQUEST OF THE AIR.

Too much should not be expected from the current experiments at human flight. It is still a great feat for an operator with an aeroplane to sustain himself in the air continuously for fractions of an hour; and the varying capacity of these heavier-than-air machines is not great.

Count Zeppelin's dirigible cigar-shaped balloon indeed made a voyage of twelve hours' duration, carrying twelve persons. It had a tank capacity for fuel to keep its gasoline motor running nearly two entire days; but all that the inventor claimed for it was its utility for observing the movements of hostile fleets and armies and carrying dispatches to and from besieged places or between widely separated divisions over intervening hostile territory. The flying machine as an ordinary means of locomotion and instrument of destruction, to say nothing of its usefulness to transport invading armies overseas is probably still far in the future. The achievements of aeroplanes are great as matters stand without exaggerating them.

With Kentucky burning up 45,000 barrels of whisky, and Chicago wasting millions of gallons of water, is there not danger of a highball famine?

The young Turks are beginning to suspect that the sultan's promised reforms are a la Russia.

FORMER SEDALIA WRITER

Is Now Employed on the Muskogee Daily Phoenix.

The Kansas City Journal of Sunday printed the following regarding a lady well and favorably known in Sedalia: Among the additions of the season to Oklahoma newspaper circles is Miss Hays Blackman, who recently went from the Sedalia Daily Capital to the Muskogee Daily Phoenix. She needs no concessions on the score of sex, as the pronounced individuality of her work places her in a class of her own.

For a number of years Miss Blackman has been turning out "stuff" of both a quality and quantity for the Sedalia Capital which has been little

short of remarkable, and which attracted attention throughout the state. In addition to filling the position of society editor and doing general assignment work, she contributed a daily essay, sketch or etching averaging about a column in length.

These little literary "studies" were characterized by a human interest which was their chief charm and by an insight into human nature which was unusually keen. The literary style in which the sketches were written added materially to their charm and impressed the discriminate reader as a waste of material which was of magazine grade.

Miss Blackman's first work was done on the local paper at De Soto, Mo., whence she went to the Sedalia Capital. Some short stories which she wrote early in her career attracted attention to her literary gifts and she has written many stories, sketches and poems. In the wider field and enlarged opportunities which she will have in Oklahoma she will doubtless receive due recognition.

HOW DID YOU DIE?

Did you tackle that trouble that came your way

With a resolute heart and cheerful,
Or hid your face from the light of day

With a craven soul and fearful?
Oh, a trouble is a ton, or a trouble is an ounce,

Or a trouble is what you make it,
And it isn't the fact that you're hurt that counts,

But only—how did you take it?

You are beaten to earth? Well, well, what's that?

Come up with a smiling face,
It's nothing against you to fall down flat,

But to lie there—that's disgrace.
The harder you're thrown, why, the harder you bounce;

Be proud of your blackened eye!
It isn't the fact that you're licked that counts;

It's how did you fight—and why?

And though you be done to the death, what then?

If you battled the best you could,
If you played your part in the world of men,

Why, The Critic will call it good.
Death comes with a crawl or comes with a pounce,

And whether's he slow or spry,
It isn't the fact that you're dead that counts,

But only—how did you die?

SCHEME FOR BRYAN FUND

FINANCE COMMITTEE ADMITS
FILLING OF COFFERS DIFFICULT TASK.

FREE SPENDERS NOT PLENTIFUL

Haskell and Wetmore Confident Coin Can Be Obtained From the "Plain People"—Dr. W. J. McClure Is in Lincoln.

Chicago, Aug. 10.—Ways and means of financing the democratic national campaign were discussed at length yesterday at a meeting of Chairman Mack, of the national committee; Governor Charles N. Haskell, of Oklahoma, treasurer of the national committee; Col. Moses C. Wetmore, of Missouri, chairman of the finance committee; and Millard F. Dunlap, of Illinois, former treasurer of the national committee. No definite decision was reached and the question of raising a sufficient fund to maintain an effective three months' campaign will be brought up for solution at a meeting of the various heads of the sub-committees today.

Neither Governor Haskell nor Col. Wetmore have formed any definite plan for raising a campaign fund, although both are confident that the committee will not lack funds to meet all legitimate expenses. While the suggestion has been made that a fund of \$500,000 would be sought, both Governor Haskell and Col. Wetmore declared that no definite sum had been decided upon. After an informal meeting on the financial proposition yesterday, Governor Haskell said:

"I have every confidence that the committee will obtain all the funds needed to wage a hard fight for Mr. Bryan, though as yet no plan has been determined upon. I have made no appeals for money, but have already received \$10,000 which came unsolicited. No definite sum has been fixed for a fund, which, in our party, must be collected from the plain people."

Col. Wetmore said he would call a meeting of the finance committee at once to devise some way to secure money. Continuing, he said:

"This is a democratic year, and the republican party will need dollars where we need dimes. Of course, the republicans will get their funds from corporations, multimillionaires and federal office holders, just as they always have done, but we must get our money from these who have but little to spare. No matter how willing their spirit may be, if we can get money enough to run a good campaign Bryan will be elected. Raising money is no easy task, and if anyone covets my job and thinks he can do better, he can have it."

John A. Mason, secretary of the democratic state committee of New York, called on National Chairman Mack yesterday, and it is understood the gubernatorial situation in New York was discussed.

Clayton Arrives in Lincoln.

Fairview, Lincoln, Neb., Aug. 10.—Enthusiastic over the prospects of democratic success in November, Representative Henry D. Clayton, of Alabama, chairman of the committee on nomination of William J. Bryan for president, arrived in Lincoln Sunday. He was accompanied on the journey from St. Louis by Dr. J. W. McClure, of Sedalia, Mo., a member of the committee.

"You can say that I have every confidence in the election of Bryan and Kern," said Mr. Clayton. "The whole sentiment of the country is in that direction." On the way to Lincoln from his Alabama home, Mr. Clayton took occasion to engage as many men in conversation as he could as to their political views.

"I found a majority of those with whom I talked for Mr. Bryan," he said. "I met many traveling men and only one declared himself out and out for the republican candidates." Mr. Clayton said that the "rock-ribbed" democrats were not much interested in the election, because they intended to vote the democratic ticket, anyway. "But," he declared, "the men who have not heretofore voted the democratic ticket, but who propose to do so this year, are the ones who are enthusiastic."

Chairman Clayton criticized Judge Tatt's speech of acceptance for having, as he said, dodged the Chicago platform. "That speech is weak and lame," he declared, "but it established one fact, and that is that the republicans have beat a retreat and that they are on the defensive."

Feeling somewhat fatigued from his long journey, Mr. Clayton determined to postpone his visit to Mr. Bryan until today.

The whole of Sunday was spent by Mr. Bryan resting.

Will Discuss American Questions. Rome, Aug. 10.—A meeting of the Congress of the Propaganda was

American questions are being discussed for the last time by the congregation. Among the matters up for consideration are the selection of a bishop for the new diocese of Rockford, Ill., and a coadjutor bishop of San Francisco.

Texas Rates, Effective Today.

Houston, Texas, Aug. 19.—A raise of 10 per cent in interstate freight rates and steamship rates to Texas common points becomes effective today.

Owing to neglect in filing the new tariff with the interstate commerce commission, the increase will not affect the seaport cities, Galveston, Houston and Beaumont, until next month.

TWO DIE IN AUTO PLUNGE

PROMINENT CLEVELAND PRIEST AND MERCHANT KILLED NEAR SYLVANIA, O.

THREE IN THEIR PARTY ESCAPED

Rounding Obstruction, Machine Is Hurled Into Roadside Ravine, Obscured by Shrubbery, in Ohio.

Toledo, O., Aug. 10.—When an automobile plunged over a steep embankment on the Michaw road, two and one-half miles west of Sylvania, Sunday afternoon, Charles W. Pohlman, a wealthy Cleveland merchant tailor, and Father George Vahey, pastor of Columbkille's Parish, Cleveland, were instantly killed. Mrs. Charles W. Pohlman, her daughter, Florence, and F. C. Dietzel, a Cleveland dentist, were in the touring car, but escaped injury.

The automobile landed at the bottom of the embankment, bottom side up. The priest's head was crushed between the edge of the car and a huge stone. Mr. Pohlman, who was driving the machine, was entangled in the steering gear, the wheel crushing his chest.

Death came to Father Vahey almost instantly, and Mr. Pohlman lived less than a minute. Pohlman's neck was probably broken. Mr. Dietzel struggled from under the tonneau, and assisted the two women out. Mrs. Pohlman refused to leave the scene until the body of her husband was released from the wreck. Doctors were summoned from Sylvania.

The party left Cleveland at 3 o'clock Saturday afternoon and spent the night in Fremont. They arrived in Toledo at 10 Sunday and stopped at the home of J. J. Malone. The scene of the accident was at the Ely bridge, across Ten Mile creek.

About 20 feet west of the bridge is a deep hole in the middle of the road, stretching nearly across it. The hole was full of water, and just after crossing the bridge Mr. Pohlman guided his machine over to the left side of the road to avoid the hole.

The sides of the embankment at that point are thickly lined with shrubbery and small trees, and the party did not realize that they concealed a steep bank. The front wheel of the machine went over the edge of the embankment just as the rear wheel struck the edge of the hole in

The Cause of Many**Sudden Deaths.**

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away until cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

village of Folk in that county to Stapel.

In the primary held there last Tuesday there were 43 democratic votes cast for governor, and everyone was for Stapel, the anti-lid candidate.

Osage county people say that this is sadly out of keeping with the eternal fitness of things.

What makes the incident more remarkable is that three years ago, soon after the little town was established and named for the lid governor, a man who sought to start a saloon there was run out of the community, under threat of being tarred and feathered.

In fact, the place was so eager to live up to its name that it wouldn't let the man who wanted to start the saloon unload the lumber intended for his place of business.

Evidently the inhabitants of Folk are tired of being "good." At least, the unanimous vote for Stapel would indicate something of the kind.

Most elderly people have some kidney or bladder disorder that is both painful and dangerous. Foley's Kidney Remedy has proven a boon to many elderly people, as it stimulates the urinary organs, corrects irregularities, and tones up the whole system. CANADIAN PACIFIC IS BRINGING FEW MECHANICS FROM ENGLAND.

A NUMBER OF THE FOREMEN QUIT

Company and Men Preparing for a Bitter Contest—Steamfitters Join in the Strike—Cause of the Trouble.

Winnipeg, Manitoba, Aug. 10.—Fifty more nonunion workmen were taken to the Winnipeg shops of the Canadian Pacific Saturday morning and put to work. The company has perfected arrangements for housing and feeding 1,000 men in the yards.

A special policeman on duty in the yards was brutally assaulted by an unknown man with a club. A number of Winnipeg strikers have been rebuked by their executive officers for publicly jibing at a workman who had refused to join in the strike. They had carried a banner bearing the word "scab" and had followed the man home, making a demonstration against him.

The company has received many applications from new men for work in shops and the officers claim the strike will result in nothing more serious than temporary inconvenience. The men, on the other hand, profess to be confident of success. It is accepted as a fact in business circles that it will be a fight to a finish.

The company is maintaining a special police force, and the men are picketing the system at all important points.

Many officials and clerks in the Winnipeg general office are out in the yards, clad in overalls, doing some of the work of the strikers. One of the men who walked out Thursday stated that the foremen were placed between two fires and were simply being forced to quit work. They received an ultimatum from the union, warning them of the consequences of their refusing to strike, and the company has insisted that they take positions as foremen over nonunion labor at various points along the line, and this they refused to do.

Two foremen working under an existing agreement that men earning \$125 per month could not be forced out are still at their duties.

All have been informed that in future there would be no promotions from the ranks, and that all appointments would be made from technical schools, and that foremen who went would not be taken back.

The officers of the railway are besieged by unskilled men seeking for work, but they are not the kind wanted. The company is relying principally on a large contingent of British mechanics and boilermakers expected here at the end of this week. A few more men were put at work Saturday. The general opinion at the company's headquarters is that the strike is already practically defeated.

It is said that the company will not be too anxious to give employment to the men who have deserted it.

The company set four Japanese at work in the Lethbridge (Alberta) shops. There are 700 disabled cars in the yards in western Canada. Several locomotives are being assisted by auxiliaries. One express train had to drop one express car because the engine power was insufficient.

A special from Fort Williams says: "A rumor that the Canadian Pacific shed men may go on a strike is persistent, though it is not anticipated there will be any immediate action, as there is no rush of freight business. If they do go out, it will, in all probability, be trouble entirely separate from the mechanics' strike and will be for a straight increase in pay. Truckers are at present getting for day work 17½ cents per hour and for night work, 20 cents."

A statement from the Angus shops shows that 1,500 men are employed there at this time. When the strike began there were about 2,900 men at work. Of these about 1,700 obeyed the order to strike, leaving 1,200 at work. Since the strike about 300 men have been taken on, including twenty-four blacksmiths.

Two hundred steam fitters in the car shops of the company joined the ranks of the striking machinists Saturday.

Cause of Trouble Stated.

Montreal, Aug. 10.—Bell, chairman of the federated trades, and Vice President Somerville, of the International Association of Machinists, unite in a reply to a published statement to the effect that the Canadian Pacific is paying 5 per cent more wages in the west and 15 per cent more in the east than competing roads.

They say the company began the present war by sweeping away at a single stroke all the advances the men had fought for and won during

Life Savers Claim It and So Do War and Treasury Departments.

Washington, Aug. 10.—Ownership of \$20 found on the body of an unidentified sailor washed ashore at Key West barracks, Florida, has caused a large amount of work and worry to the legal sharps of two executive departments.

Life savers notified the treasury department and claimed the money by right of possession. The body was washed ashore on a military reservation and the commanding officer contended that the money should go to the war department.

The secretary of war submitted the case to the judge advocate general of the war department, who held that the money belonged to the government, but did not settle the burning question whether it should be placed to the credit of the war or treasury department.

Secretary of War Wright has written to the secretary of the treasury asking for the life savers' side of the case.

Retired Editor Manifests His Old-Time Originality.

Stanford, Conn., Aug. 10.—When William A. White labored as editorial writer for Connecticut newspaper's his work was noted for originality. Now he has retired after forty years as a newspaper man and he runs a little printery here, but he has not forgotten how to be original.

A party of friends found him trying a new way of operating an ice cream freezer. He had a regulation freezer connected with the job press, and while he turned off handbills and bill heads on the electrically driven press the family ice cream was being frozen. In five minutes he had enough for dinner.

The neighbors flocked to the shop to see the new fangled freezer work. Mr. White was overwhelmed with applications to freeze all that was brought along during work hours and threatened like the miller of old, to take a portion of each lot in payment.

CANDIDATE AGAINST KERENS

Jephtha Howe and His Friends Will Have a Man for Senator.

St. Louis, Aug. 10.—Chairman J. D. Howe and his associates on the republican city committee have announced that they will oppose the candidacy of Richard C. Kerens for the republican nomination for United States senator.

It is understood that the St. Louis republican organization will put forward Robert S. Brookings or Charles Nagle as a candidate against Kerens.

Vigorous objection is made to Kerens because he bolted the caucus nomination of Thomas K. Neidringhaus.

Kerens is quoted as saying: "Later on I will make my position known on every public question. Of course I am in hearty accord with the republican national platform adopted in

Chicago. I shall co-operate with the organizations of the party in the state, city and congressional districts."

LIVING GIRL IN A GRAVE

Consented to Being Hypnotized by Hindu Mystic.

Toledo, Ohio, Aug. 10.—Great crowds are visiting the grave of Miss Florence Gibson, of Washington, who is buried five feet below the surface of the earth at Cedar Point as a hypnotic experiment.

After considerable persuasion, Miss Gibson, who was visiting at Cedar Point, consented to the experiment. Under hypnotic influences administered by Bunda Kupperow, a Hindu mystic, the girl was placed in a coffin and buried August 1. She will remain in the grave until this afternoon, provided the Humane society does not stop the experiment.

The Humane society, led by Mrs. Fannie Everett, is endeavoring to release the girl, but so far their efforts have been fruitless. The Hindu assures the society that the young woman will emerge from her sleep in perfect condition. Through a glass, Miss Gibson can be seen lying motionless for hours, apparently asleep.

GRAND LARCENY CHARGE

DECISION EXPECTED TOMORROW IN THE NOTED CASE OF FRANK ZOTTI.

HE'S BANKER AND STEAMSHIP MAN

Turn, He Makes a Charge of Conspiracy Against J. P. Morgan and Others, Object Being to Wreck His Business.

New York, Aug. 10.—Magistrate Corrigan is expected to announce a decision tomorrow in the case of Frank Zotti, the Croatian banker and steamship man, who was recently tried on a charge of grand larceny.

Zotti claims to be the victim of a conspiracy to ruin his business, and named J. P. Morgan as one of the conspirators.

No defense was made at the trial, attorneys for Zotti claiming that the prosecution failed to prove its case.

If Zotti is acquitted, it is alleged that the "conspiracy" charge will be laid before the grand jury.

At the previous hearings Zotti had said that there was a conspiracy to wreck his business, and Postal Inspector Kinkade said that Zotti had told him that J. P. Morgan was the man responsible for the wrecking of his steamship Brooklyn, plying between this city and Mediterranean ports.

The Brooklyn went ashore on one of the Azores about two years ago. Zotti has also said that "three Pittsburgh men" had conspired against him.

Kinkade said that he had ten complaints a day for a while from some of Zotti's customers. He said he showed a list of the complaints to Zotti and that the banker promised to pay all the complainants. The complainants later told the inspector that when they went to see Zotti they were put out of the bank.

YARN BALL HOLDS GEMS

Find \$5,000 Worth of Stolen Diamonds in Mail Box.

Detroit, Mich., Aug. 10.—After having handled several times an innocent looking ball of yarn stuck through and through with an aged woman's knitting needles, the Detroit police learned Saturday that \$5,000 worth of stolen diamonds had all the time been concealed in the yarn.

Having obtained a confession from Ben Bennett Saturday, the detectives hurried to his home, only to find that his mother had disappeared. Learning, however, that she had been seen to deposit a package in a United States mail box, the police obtained permission to have the box opened and in it found a package containing the missing gems.

The jewelry was stolen from Mrs. E. A. Bowd, of Lansing, Mich., at the Hotel Normandie in this city July 30, and Bennett, night watchman at the hotel, confessed to the police that he had entered Mrs. Bowd's unlocked door and had taken the jewels from under her pillow while she slept.

Sulphur, Ok., Aug. 10.—Confederate veterans of Oklahoma are here in force today and are celebrating with great enthusiasm the anniversary of the battle of Oak Hill, or Wilson Creek, Mo., the first important clash of arms and the first great victory for the Confederates west of the Mississippi.

The Oklahoma and Indian territory divisions of the United Confederate Veterans will be merged into one state division at this meeting, and a major general for the new division will be elected.

The hotels and business houses of this resort have been elaborately decorated in honor of the visiting veterans and their stay of three days will be made a noteworthy event.

BISHOP FAVORS DIVORCE

Arkansas Prelate Would Oust Negroes From Church.

Little Rock, Aug. 10.—Bishop William M. Brown, of the Episcopal diocese of Arkansas, has thrown down the gauntlet to all who differ from him on his position on the color line in the church, the open pulpit and Episcopal divorce legislation.

Bishop Brown favors divorce other than upon one ground insisted upon by the church. He proposes that his position on these questions shall be heard by nine of his peers, and agrees that if he cannot answer each and every objection to his views he will resign his see and take a parish or

missionary pastorate, if he can get one.

Bishop Brown contends that the negro is out of place as a member of a white church.

"It is just as natural for Afro-Americans and Anglo-Americans to have their own ecclesiastical organizations," says Bishop Brown, "as it is for bumblebees and honeybees, and for black ants and white ants to have separate hives and hills. I submit, that if bumblebees, black and white ants were crowded together into one hive or hill they would be separated spiritually much more widely than if they occupied separate hives and hills.

"Spiritual unity, the communion of saints," is the essential thing in Christian unity, and this necessary unity would, in the case of Afro-American and Anglo-American churchmen, be hindered rather than promoted by the proposed effort to live together in one ecclesiastical organization."

BIRTHDAY OF A JUDGE

Associate Justice of the Supreme Court Is 65.

Washington, Aug. 10.—Joseph McKenna, associate justice of the United States supreme court, is today 65 years of age. He was born in Philadelphia, August 10, 1843, but removed to California at an early age. Becoming a lawyer, he took an active interest in politics, and was elected to the California legislature in 1875.

He served as the representative of his district in congress from 1885 to 1893. In the latter year he was appointed a circuit judge. In March, 1897, he entered President McKinley's cabinet as attorney general, and in January, 1898, he was elevated to the supreme bench.

GRAVE DUG; WOMAN DIES

Succumbs After Recovery From Trance Pronounced Death.

Centralia, Mo., Aug. 10.—The body of Mrs. Lula Christman, of 4939 Arsenal street, St. Louis, was brought here Saturday afternoon and will be interred in the grave made for her a week before her death.

Last Saturday a week ago Mrs. Christman fell into a trance and St. Louis physicians pronounced her dead. Funeral arrangements were made and the grave dug in Hickory Grove cemetery, near here.

Several hours later she revived and seemed in good health. August 7th she died and a death certificate has been issued. The body will be kept several days in the coffin here, the relatives hoping for a second revival. Mrs. Christman was 62 years old. She leaves six children.

A few doses of this remedy will invariably cure an ordinary attack of diarrhoea. It can always be depended upon, even in the more severe attacks of cramp colic and cholera morbus. It is equally successful for summer diarrhoea and cholera infantum in children, and is the means of saving the lives of many children each year. When reduced with water and sweetened it is pleasant to take. Every man of a family should keep this remedy in his home. Buy it now. PRICE, 25c. LARGE SIZE, 60c.

OTHER THINGS AS WELL AS MEATS AT WALCH'S CAFE

A fair part of the success of this restaurant can be traced to a list of good things to eat (aside from meats), which you would not find under the head of "Restaurant Dishes"—dishes which, while not fancy, must be prepared just so.

Meats are comparatively few in variety, and however their taste may be varied by excellence of cooking, there are times when all meats pall upon the appetite.

Then you need a change of diet which our supper list tonight or any night will suggest.

DAVE BALL PERSISTENT

SAYS HE'LL CAMP ON TRAIL OF ELECTION CROOKS IN THE CITIES.

HOLDS CONFERENCE IN ST. LOUIS

Calls Upon Hadley and the Prosecutor of Jackson County for Aid—Declares He Will Not Contest Cowherd's Nomination.

St. Louis, Mo., Aug. 10.—David A. Ball, the defeated democratic candidate for the nomination for governor, has called upon Attorney General Hadley and the prosecuting attorney of Jackson county, both republicans, to co-operate with Circuit Attorney Sager, also a republican, to uncover any frauds in the recent primary election. He came to the city yesterday, although he was not expected until today.

The investigation by the June grand jury will commence this afternoon. Many witnesses have been called to testify to alleged frauds committed in the various wards of the city, but more particularly in the Eleventh and Twelfth congressional districts.

"I am on the ground," said Ball yesterday, "and I am here to stay until those election crooks are punished. I have some good information and I will turn it over to Attorney General Hadley and the prosecuting officers, if they will give me their aid."

"I want General Hadley, who is the republican nominee for governor, and Mr. Cowherd, as the democratic nominee for governor, to get right into the fight against the crooked work in the cities. The people of the country demand it."

"I never thought of contesting the election of Mr. Cowherd, and I will not, but if I have the aid of the prosecuting officers I will go after those election crooks until everyone of them has been landed behind the bars."

Col. Ball says he will do his best to get at the bottom of the heap as soon as possible. He says he can not do anything unless he receives encouragement from the prosecuting officers of the state, and for that reason he calls upon Attorney General Hadley and the prosecuting attorneys of the two great cities to aid him in uncovering the crime.

A conference of the friends of Mr. Ball will be held today at the Laclede hotel to gather evidence in connection with the recent primary. He says that already the postal cards with the names of the voters affixed are coming in, and before the end of the week he will have some strong evidence to present to the grand jury.

LUTHER LEAGUE MEETING

Annual Convention Being Held at Erie, Pennsylvania.

Erie, Pa., Aug. 10.—Large delegations from Philadelphia, Pittsburg and other cities and delegates from all of the smaller branches are in attendance today at the annual Pennsylvania Luther League convention.

These societies hold the same place in the Evangelical Lutheran church as the Christian Endeavor and Epworth League organizations of other Protestant churches. Many of the members were formerly identified with the Christian Endeavor movement.

The convention, which is the fifteenth of its kind to be held, will, according to present indications, be the largest and most successful since the formation of the league.

SIGNS FOR AN EARLY WINTER

Sheep Herders See Harbinger of Severe Cold.

Ballinger, Texas, Aug. 10.—The sheep herders say the broom weeds are thicker and that there are more of them than ever before, which is a sure indication of an early frost, and an infallible sign of an early and severe winter.

At points along the road between this city and Abilene, the boll worm is making its appearance and damaging the cotton fields. Cloudy weather is said to be the cause of its appearance. It takes hot sunshine to kill them out and keep them out. Two weeks of hot weather will make the first picking of cotton.

TENNESSEE "G. O. P." SPLIT

And Yet Harum-Scarum Talk of Carrying State for Taft.

Chattanooga, Tenn., Aug. 10.—Hopelessly divided, the republicans of Tennessee will hold two state conventions this week, that of the Brownlow-Austin faction meeting in this city today, while the Evans-Hale faction will foregather at Nashville on Wednesday.

At today's convention the insurgents will nominate a candidate for governor and other offices. A stormy session may develop. The delegates declare that their organization is entirely regular. Taft and Sherman are endorsed. T. A. Wright is mentioned prominently as the gubernatorial nominee.

The Evans faction, which will meet two days hence, claims to be the regular organization. It is led by H. Clay Evans, former congressman, United States commissioner of pensions and United States consul general at London. Evans was elected governor of Tennessee in 1894 on the face of the returns, but a recount was favorable to Tumeay, his democratic opponent.

ROBBED AUNT AND A BANK

Spent Part of the Money Entertaining Chorus Girls.

Chicago, Aug. 10.—After stealing, it is alleged, \$1,300 from an invalid aunt, and spending it on wine suppers and automobiles for chorus girls, Lee Haseman, a messenger in the First Trust and Savings Bank, was arrested Saturday, charged with embezzling \$4,000 from his employers.

Haseman was arrested while riding in an automobile in Michigan avenue, and is declared to have confessed the embezzlement. The funds were found intact in a rooming house at No. 1826 Michigan avenue.

It is charged that Haseman, who is 19 years old, embezzled the money in order that he might elope with Bertha Rosendahl, a pretty sales girl in a department store.

Haseman is declared to have been living high on \$1,300 which he stole from his aunt. He rented automobiles and every night he is said to have wine and dined numerous chorus girls. The young man's aunt gave him the money to deposit in the bank. It is charged that he failed to do so.

MAN KILLED BY TRAIN

Unidentified Hurler to Death by Speeding Passenger.

St. Louis, Aug. 10.—An unidentified man, about 45 years old, well dressed and wearing an expensive gold watch, was struck by a fast Missouri Pacific train at Webster Park at 8 o'clock Saturday morning and killed. Marshal E. B. Nace, who was searching for train thieves in the vicinity, watched the train as it bore down upon the man, but was unable to assist him.

A gold ring bears the inscription, "Augusta Olson," inside the band, which is the only article found on the body that tends to identify him. Robert Smiley, engineer in charge of the train, testified at the coroner's inquest held by Dr. Bracy that he was powerless to prevent the accident.

The man was walking east along the eastbound track. A heavy freight train was passing him on the westbound track and the noise prevented him from hearing the warnings sounded by the fast train coming east. The verdict of the coroner's jury was unavoidable accident. The body was removed to the Parker undertaking rooms at Webster Groves.

A MEETING OF PRINTERS

INTERNATIONAL TYPOGRAPHICAL UNION IN SESSION AT BOSTON, MASS.

DELEGATES SENT FROM LONDON

This Is First Time English Printers Have Come to Confer With Those On This Side of the Atlantic.

Boston, Aug. 10.—Union printers from every state and from Canada, England, Cuba, Porto Rico and the Philippines are the guests of Boston today, the assemblage marking the opening of the fifty-fourth convention of the International Typographical Union.

For the first time the London Society of Printers has sent a delegate to confer with the printers on this side of the ocean, giving the meeting more of an international character than it has ever had. Boston Typographical Union, one of the first organizations of printers will celebrate its sixtieth anniversary during the week. All of the sessions will be held in Ford hall.

Following the formal opening of the convention today and the transaction of preliminary business, adjournment was taken until tomorrow, and the delegates will spend the afternoon on a harbor and bay excursion. Tomorrow will be ex-delegates' day, and will be marked by a trolley ride to Lexington and Concord over the Paul Revere route. Many other entertainments will be held under the direction of Boston union No. 13. The local union, despite its hoodoo number, has had a highly successful career and is now in the best of condition. The local has prepared an elaborate souvenir booklet for distribution among the delegates.

The International Stereotypers and Electrotypers Union will also hold its convention here during the week, as will the ladies' auxiliary of the International Typographical Union. It is expected that the total number of delegates and visiting printers and stereotypers, with their families, will reach at least 5,000.

As this is the first important convention held by any labor organization following the two national party conventions, it will be watched with especial interest to see if legislation will be introduced bearing on the anti-injunction planks adopted at Chicago and Denver.

Various important questions are to be discussed, among the Sherman anti-trust law, the employers' liability bill, the eight-hour law for government employees, the use of injunctions, the printing paper question and the subject of insurance.

The union conducts a union printers' home at Colorado Springs, the first and only institution of its kind in the world, where aged and infirm printers to the number of 300 are cared for at no expense to themselves. The first old age pension measures ever adopted by a trade organization in Boston have recently been adopted by the union and went into effect Aug. 1.

Addresses will be made at the convention by labor men from all over the United States. Representatives are present from the American Newspaper Publishers' association, with which the International Typographical Union holds a special arbitration agreement running until 1912, which guarantees both sides against strikes or lockouts, and provides that any disagreement must be settled by arbitration. This agreement has been in force for about six years, having been renewed in 1907 for a second five year term.

The selection of the place for next year's convention is eagerly sought for by Seattle, Wash., and St. Joseph, Mo., and boomers from both these cities are present, working to secure the convention.

The present officers of the International Typographical Union are: President, James M. Lynch, Syracuse, N. Y.; vice president, John W. Hays, Minneapolis, Minn.; secretary-treasurer, John W. Bramwood, Denver, Col.

The Typographical Union is a free association of economic equals, men and women, for be it known women are admitted to membership in this organization upon the same basis as are men, one of the cardinal principles of the union being equal pay for men and women for equal service performed.

The International Union is composed of unions scattered throughout the United States and Canada, and its jurisdiction extends from Alaska to the Philippines. Each local union administers its local affairs in conformity with international rules and regulations developed by combined local unions and administered by a central body known as the executive council in the interest of the locals. This executive council is composed of certain of the international officers

The Modesty of Women

Naturally makes them shrink from the delicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispels all the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

STORY OF A TOMBSTONE

MAKES A SILENT APPEAL FOR VOTES FOR THE PEERLESS NEBRASKAN.

MAY NOT BE WITHOUT GOOD EFFECT

Marble Cutter at Montgomery City Turns Spellbinder and Chisels Dead Man's Sentiment on Enduring Shaft.

Montgomery City, Mo., Aug. 10.—This remarkable epitaph is found on a tombstone erected at the grace of B. H. Norris, who is buried in the Bethel cemetery near this city:

* Kind friends I've left behind,
* Cast your vote for Jennings *
* Bryan.

* Sacred to the Memory of B. H. *
* Norris.

* Died April 9, 1900, Aged 50 Years. *

When it became known that this monument was in the graveyard a great many visited the place.

When Bryan and Governor Folk were here at a democratic rally a friend walked up to the candidate for president and told him of the monument. Bryan said he wanted to shake hands with the man who wrote the epitaph, and, slapping Folk on the shoulder, said:

"Folk, they tell me there is a monument near this city with this inscription upon it." Folk smiled.

A friend told Mr. Bryan that the author of the "verse" was in the marble business around the corner, and the Nebraskan accompanied him to shake hands with "Doc" Hudson. Hudson said Norris was a very strong silver man and admirer of Bryan, and before he died wanted a monument with a silver inscription upon it.

TO LOOK OVER "JOPLIN" COBB

The St. Louis Americans May Buy "Ty's" Young Brother.

St. Louis, Mo., Aug. 10.—Jack O'Connor, the scout of the Browns, left Saturday night for Joplin, Mo., with instructions to watch Paul Cobb and ascertain whether this "kid" brother of Ty Cobb, the great Detroit outfielder, is worth \$3,000, the price which the Joplin club asks.

After finishing his business at Joplin O'Connor will visit centers from which other budding "phenoms" have emanated. Three thousand dollars for an untied youth, even if his brother be the most valuable asset in the outfield of an American league club, is too much to pay for a chance to experiment.

The Brown management has decided the many favorable reports of young Cobb, including that from his brother, induced the Browns' management to look him over. If the youngster is all the nice things his brother says of him the Browns' exchequer will give up the required amount.

HATTIE WAS "DREAMING"

Actress Who Gave Evelyn the Lie Was Ignored as Witness.

Poughkeepsie, N. Y., Aug. 10.—Replying to the published statement of Miss Hattie Forsythe, an actress, that all of the testimony given by Evelyn Nesbit Thaw at his trial for killing Stanford White was untrue, Harry Thaw has given out this statement:

"Miss Hattie Forsythe knows absolutely nothing about the matter. She never met White and met Miss Nesbit only once. Whatever knowledge she had was second-hand. She knew no more than you do. She was not one of the girls who sailed immediately before the trial. If she had had the knowledge she says she had, Jerome would have had her as a witness, wouldn't he? That goes without saying. Miss Forsythe has been advertising herself through the newspapers for the last two years."

NEGRO KISSES WHITE GIRLS

Newark, N. J., Police Investigate New Religious Sect.

Newark, N. J., Aug. 10.—John A. Heckerson, a negro who calls himself the high priest of a band of his race in this vicinity, each of whom, men and women, claims to be "the new Jesus," was arrested here Saturday, with William Hughes, a white man, who is a follower of the sect. Both are held pending an investigation of the order.

Heckerson was arrested on information furnished by a daughter of Hughes. She said that she, with her sister, 6 years old, and brother, 13 years old, were taken to the local

A story of incident and mystery in New York, exciting, compelling, desperately interesting. The action of the entire story takes place within thirty-six hours, and never were hours so crowded with unexpected happenings. Mr. Vance has a splendid faculty of invention and this new novel strikes far from the beaten track of fiction. It will be printed serially in this paper, and will be a rare treat for our readers.

William Smith, also a negro, and an apostle of Heckerson, was arrested, and when the three were arraigned Saturday Hughes hailed Heckerson as the Messiah and said that Heckerson loved and kissed the children.

SLAYER WAS BOUND OVER

A Man Who Shot a Rival Will Plead "Unwritten Law."

Parsons, Kas., Aug. 10.—George K. Karns, who shot and killed Joe Taylor at the home of the former in this city, waived his preliminary hearing here Saturday and was bound over in the sum of \$15,000 for trial at the November term of the district court. Karns will plead the "unwritten law," having been taunted by Taylor with the infidelity of his wife. Mrs. Karns was waiting at Coffeyville for Taylor when her husband shot him. Taylor had been divorced from his wife, who is now living in Wichita.

USED A NONUNION HEARSE

It Caused a Strike and the Hackmen Finally Won.

Albany, N. Y., Aug. 10.—The funeral of Jerry Winne, a business man and liverman of Albany, was interrupted by the hack drivers, who struck and left the procession stalled on the street because the hearse was a non-union vehicle.

The undertaker pleaded with the men. He reminded them that the man in the casket had always been friendly toward them. He asked the hackmen to overlook the exception of a non-union hearse and take action later.

The hackmen were obdurate. While the mourners waited nervously and a crowd collected the undertaker was forced to get another hearse. This bore the necessary credentials and the hackmen resumed their positions. The coffin was transferred from the non-union hearse and the funeral continued.

TOO WET FOR DRY LEADER

THE COLD WATER CANDIDATE FOR PRESIDENT HAD A NARROW ESCAPE.

NEAR DROWNING AT LINCOLN, NEB

E. W. Chafin, Who Talked Against the Saloons During the Recent Local Option Campaign in This City.

Lincoln, Neb., Aug. 10.—Eugene W. Chafin, presidential candidate of the prohibition party, came near getting too much water while bathing in the Y. M. C. A. pool in this city Saturday night. His escape from drowning was made possible only by the presence of a good swimmer who happened to be near him when Mr. Chafin found that he could not keep his head above water.

Mr. Chafin came to Lincoln a few days ago for the purpose of making several addresses on prohibition at the Nebraska Epworth assembly. He called at Fairview Saturday and had his picture taken with W. J. Bryan, and at night spoke at the assembly.

The day's work wearied him and, in company with A. G. Wolfenbarger, of this city, who placed him in nomination at the prohibition convention in Chicago, Mr. Chafin went to the Y. M. C. A. building, which has a large swimming pool for the purpose of taking a "dip" before retiring.

Mr. Chafin had been in the water only a few minutes when he approached the deepest place in the pool. Having lost his foothold he found that he could not regain his balance and he began to sink. Before he could shout for help he was entirely under the water, and was quite helpless. He came to the surface and was gasping desperately for breath.

Several members of the Y. M. C. A., who were in the pool, saw that Mr. Chafin was in distress, and Archibald Dinsmore, who is about half the size of Chafin, was the first to reach him. Dinsmore seized the sinking swimmer and held his head above water until other young men came to the rescue. They had no difficulty in removing Mr. Chafin to a place where he could stand, and the candidate left the pool at once.

Efforts were made to keep the affair quiet, both Chafin and Wolfenbarger being considerably embarrassed by it. Mr. Chafin admitted that it had been an unpleasant experience to him.

"This is the first time," he said, "I have been in an indoor plunge in many years. In fact, I have not been in swimming for two years. Before that I did considerable lake swimming, but I guess I had forgotten how to take care of myself when I found that I had gone in beyond my depth."

Mr. Chafin feels none the worse for his unpleasant experience, but he was badly frightened at the time.

FRENCH CANALIANS MEET

National Convention Being Held at Providence, R. I.

Providence, R. I., Aug. 10.—French Canadians of this country and Canada are assembling in Providence today for the national convention of the Canadian-American association. A public reception to the supreme officers and delegates this evening will open the program. Sessions will be continued tomorrow and Wednesday. The Canadian-American association was founded in 1875 at Manchester, N. H., as an exclusively American organization. Up to a few months ago it retained this distinctive characteristic and all of its 11,000 members were residents of the United States.

Since its last convention at Keene, N. H., in 1906, however, the association has invaded Canada for the purpose of recruiting new members there and it is meeting with marked success.

MARRIED WOMEN

Every woman covets a shapely figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided by the use of Mother's Friend before baby comes, as this liniment prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend makes the danger of child-birth less, and carries her safely through this critical period. Thousands gratefully tell of the benefit and relief derived from the use of this remedy. THE STANDARD OIL SUIT

Arguments Before Supreme Court of Oklahoma.

Guthrie, Ok., Aug. 10.—Arguments will be heard today by the Oklahoma supreme court on the right of Attorney General West to bring an injunction suit in the state's name against the Standard Oil subsidiary, without the approval of the governor. It is declared by Governor Haskell that the suit will be inimical to the best interests of Oklahoma.

The injunction suit brought by

West is to restrain the Prairie company from building additional pipe lines in Oklahoma without first becoming a domestic corporation. The district court, in a decision, upheld West's jurisdiction and asserted that he was qualified to bring suits in the state's name without the authority of the governor. Governor Haskell's interference is bitterly denounced by Attorney General West.

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

"You can say I am as good a democrat as ever and will do all in my power for the success of the ticket this fall," Richard L. Hall, defeated candidate for the democratic nomination for railroad and warehouse commissioner, said to the Springfield Leader Saturday.

Mr. Hall returned today from Kansas City, where he had been since Monday. He had intended being in Springfield Tuesday to vote, but missed his train and decided to remain in Kansas City a while longer.

"It looks like Knott walked off with the nomination. I want to thank my friends in Springfield, Greene county and the state at large for the splendid support they gave me.

"The location of my home was one of the issues made against my nomination. It was argued that Springfield was too close to Monett, where Commissioner Frank Wightman lives. His term expires at the end of two years.

"I will be a candidate then for the nomination and believe I will meet with better success."

Vacant Runs Advertised.

H. N. Barker, trainmaster on the river route district of the Missouri Pacific, today advertised as vacant the following runs:

Fears a Big Strike.

Patrick Henry Morrissey, head of the Brotherhood of Railway Trainmen, in an interview in the metropolitan newspapers Sunday, expresses fear for a great railway strike in the United States.

The labor leader says that freight rates have been forced down and wages up. He thinks the railways are threatened with too severe restrictive legislation and pleads for moderation.

Mr. Morrissey goes on record as opposed to the government ownership of railroads, and thinks the railway mail clerks are not given the justice due them.

Put 75 More Men to Work.

Seventy-five additional men were put to work at the Missouri Pacific shops this morning.

Of this morning, twenty-five were machinists, five boilermakers, three blacksmiths and the remainder laborers.

Everything is moving along swimmingly. Master Mechanic McGraw says, including the carmen's department, and things there will soon have resumed their normal condition.

STILL DISCUSSING FUNDS

Chairman Mack and Other Leaders Planning for the Necessary Money

Chicago, Aug. 10.—Chairman Mack today again took up the matter of the campaign fund with Gov. Haskell and Col. Moses C. Wetmore.

J. H. Atwood, chairman of the speaker's bureau, is expected here this afternoon.

"OH, MY CORN!"

Is a painful expression you have often heard, but it never should be. Corns are absolutely unnecessary. Do just two things and you'll be free from Corns: Wear Shoes that fit and use WILCOX'S CORN-KILLER.

If the simple directions with each package are followed, Corns soon disappear, roots and all, leaving a soft, smooth skin. The remedy has the same effect on Bunions, Warts, Moles, etc. Harmless, convenient, inexpensive. 15 cents a bottle.

THE FIERCEST GAME ON RECORD

"Cow-Puncher Luck" Proves Too Strong for Brilliant Play of the Harts, and Won a \$15,000 Fruit Crop.

Los Angeles, Cal., Aug. 10.—With a fruit crop worth \$15,000 as the stake the fiercest game of whist ever seen in the southwest was played in a little sailor cottage at Corona del Mar, near Palmba Beach.

The players were Mrs. George E. Hart, Los Angeles society woman, and her husband, a prominent broker, on one side, and George A. and Hugh W. Nelson, Nevada mining men, on the other.

The game was the outcome of a real estate deal the Nelsons trading the whole town of Winchester, Riverside county, for the Hart ranch in Smi Valley, north of this city.

Both parties insisted on having this year's crop from the ranch. The Harts had leads and American and international whist signals at their fingers' ends, but the Nevada men had the trumps.

In spite of brilliant and bewildering playing by the Harts, rough and ready cow-puncher luck won. Mrs. Hart lost without a win.

The Harts led the first 35 points, then their rivals jumped ahead and stayed there.

BETTER PAY FOR TEACHERS

Kansas Cityans Get It by Taking Examinations.

The board of education in Kansas City has inaugurated a system of classified examinations by means of which the pedagogues may "boost" their own salaries. This rule applies only to the teachers receiving \$72 a month or more.

By passing what is called the "first professional" examination, teachers receiving \$72 a month are entitled to draw \$76 a month, and by passing the "second professional" examination, those receiving \$76 a month are entitled to \$80.

Out of thirty-one teachers who have taken the first, seventeen passed. Twenty-four have passed the second examination.

After a teacher has drawn \$80 a month for a year he is entitled to \$82.50, the maximum salary for a ward teacher, without further examination if it be so recommended by the superintendent.

COUNTRY CLUB PICNIC

One Will Be Held on Golf Links Wednesday Evening.

The Country club will hold a basket picnic supper on the golf links from 6 to 9 p. m. on Wednesday evening. All the members are requested to come to the grounds with well filled baskets. Those coming on street cars can get off at the stiles. Those coming in vehicles can drive into the grounds through the gate adjacent to the stiles, taking care not to drive or hitch on the greens. Ice may be ordered by telephone in advance from the steward, who will deliver the same on the grounds at 6:30. Good water can be obtained at the well and the benches will be collected in the groves immediately adjacent to the well. A ladies putting and approach contest will occur on the eighth putting green near by, and the winner will receive an appropriate prize. There will be dancing in club parlors at 9 p. m.
